**Subject:** Program Plan Modification Report (2020 Update) - Draft  
**Attachments:** Draft PPMR-2020.doc; TABLE1-1- 2020.xls; Aerojet Closure Verification RCRA-C Building 03006 Final.pdf  
**Flag:** Follow up

Hi Everyone – Attached is the draft update to the PPMR. The following changes were made:

- Cover page has been modified to add this revision date
- Minor edits to the text to discuss the RCRA changes and to document the current status of buildings within the operable units.
- Table 1-1, Potential Source Areas Addressing RCRA Units, has been updated to document DTSCs clean closure certification of RCRA-C, Building 03006 Container Storage. This documents the closure of the final RCRA unit within the Aerojet Superfund Site.

All other information included in the PPMR remains unchanged. Let me know if you have any questions or other edits. The final version is due in late December.

Chris
